

PT. TOBA MANDIRI SUKSES

Your Trusted Chemical Partner

About Us

PT. TOBA MANDIRI SUKSES

Industrial Chemical Solutions

Established in 2013, PT. Toba Mandiri Sukses is a trusted partner in the supply of industrial chemicals, delivering quality products and dependable solutions to support operational excellence across a wide range of industries.

The TMS logo is a yellow square with the letters 'TMS' in black, bold, sans-serif font.

Our Service: Chemical Safety & K3

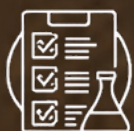

Product Consultation

Supporting customers in selecting suitable chemical products based on their process requirements and intended applications.

Packaging & Delivery Coordination

Coordinating suitable packaging formats and delivery arrangements for safe and reliable product handling.

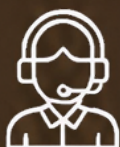

Chemical Safety Information

Providing essential information on safe chemical handling, storage, transportation, and workplace practices.

K3 Awareness

Promoting awareness of PPE, hazard communication, risk prevention, and safe work practices.

Customer Support

Providing responsive assistance and practical guidance throughout the product supply and service process.

Your trusted chemical partner.

INDUSTRIAL SEGMENTS

Serving diverse industries with reliable process chemicals and a commitment to supply continuity.

TMS

01

Automotive Rubber Part

Supporting the production of high-quality rubber components with process chemicals that ensure performance, consistency, and efficient manufacturing.

02

Tire and Rubber Industry

Providing essential chemicals for rubber compounding and processing to deliver durable products while maintaining stable operations and supply reliability.

03

Water Treatment

Supplying chemicals for water and wastewater treatment processes to help maintain water quality, system efficiency, and environmental compliance.

04

Smelter

Providing process chemicals that support metallurgical operations, improve process stability, and contribute to operational efficiency.

05

Cement Plants

Delivering chemicals for cement production processes to enhance quality, optimize operations, and ensure consistent supply continuity.

INDUSTRY

PRODUCTS

Automotive Parts & Rubber

Carbon Black, Silica, Zinc Oxide, Stearic Acid, Accelerators (CBS, MBT), Antioxidants (TMQ, 6PPD), Paraffinic Oil, and Minarex Oil.

Rubber Industry

Paraffinic Oil, Minaxen Oil, Carbon Black, Accelerators (CBS, MBT), Antioxidants (TMQ, 6PPD), Silica, and Stearic Acid.

Water Treatment

Activated Carbon, PAC, Flocculant, Chlorine, Soda Ash, Defoamer, Caustic Soda, Sulphuric Acid, Antiscant, and Hydrochloric Acid (HCl).

Smelter

Sulphuric Acid (H₂SO₄), Lime / Calcium Hydroxide (CaOH), Soda Ash (Na₂CO₃), Aluminium Sulfate (Al₂(SO₄)), PAC, Degreaser, Caustic Soda, Flocculant, Activated Carbon, and Antiscant.

Cement Plants

Grinding Aid, Limestone, Defoamer, Accelerator, Cement Additive, and Slag / GGBFS.

PACKAGING SOLUTIONS

zak

For powder or granular products

Jumbo Bag

Bulk materials in large-capacity packaging

Drum

For medium-volume liquid products

IBC

Efficient handling of liquid products

Tanker Truck

Delivery of liquid chemicals in large volumes
